WON THEIR POINT.

THE MANDOLIN CLUB SECURES RECOGNITION

From the University Glee Club and Will Play at the Auditorium This Evening.

Glee Club Men Forced to Yield.

That a hot and bitter contest has been waged betwenn two of the musical organizations at the University of California is not generally known. The belligerents are the University Glee and Mandolin Clubs. Ever since the glee club was formed it has been giving concerts about the bay, and has of late years been making regular vacation trips into the interior. Last summer the California men were accompanied on their northern trip by the Stanford Mandolin Club. This caused wrath in the hearts of the Palo Alto students, who thought that their own glee club was good enough for the pickers on the mandolin strings to travel with, and forbade them from performing in the future with a glee club from any other college.

Accordingly some freshmen and a few sophomores at Berkeley thought they would form a mandolin club, so that they might travel with the glee men on subsequent trips. Nine of them organized a club, elected Thomas, '98, manager, and secured two of San Francisco's best trainers to instruct them. The club is composed of four first mandolins, two second mandolins and three guitars. For the past six months the members have been practicing. All the while the glee men eyed them askance and winked at one another whenever the novices struck a discord. Publicly they hoped the boys would succeed in forming such an organization as the college had long felt the need of, but among themselves they wondered if the "freshies really thought themselves capable of producing music that a San Francisco audience would applaud.

The mandolin club has been well on its feet for some time, and the vocalists have continued to give concerts, but never a word was said about the former taking a hand. When it was learned that the glee club contemplated a concert this evening at the Auditorium the new organization thought it should be properly represented, and made overtures to Manager Veeder of the older club. It wanted four numbers, but Veeder only laughed and said he would present the matter to his colleague. "Brick" Morse declared emphatically that the mandolin players knew only two pieces, so that one number was enough, for the other might be needed as an encore, and the songsters declared that a rich joke.

Advised of this, the mandolin pickers set up a great howl and accused the glee club of being a close corporation, of blackballing every applicant who did not belong to a certain clique, of not containing the best singers in college, and of having "damp tunes" when on outing trips. The glee men retorted that it was all "sour grapes."

Finally the glee men decided that the mandolin club would be sure of an opportunity to present both of its piecesby giving it two numbers on the program, and that, should calls be made, it would not respond. Manager Veeder says that he has got a lot of new songs from the East which have never been heard on this Coast, that these will be given for the first time this evening, and that he did not want any side shows to spoil the effect of the program, for Mrs. Olive Reed is down for a few numbers, Charles Parcells for a few violin solos, and the glee club wanted to come in once in a while itself.

Golden Gate.

J. H. Jurgens is now lying very ill at his place of business on San Pablo avenue. His trouble is supposed to be heart difficulty, and so critical is his condition that no one is permitted to see him except his physician and nurses.

J. H. Rourk is improving his property here by planting numerous shade trees and repairing and rebuilding his sidewalks.

Miss Maud Decker, who has been quite ill of late, is now better and in a fair way to recover her health.

Rev. T. F. Allen of Minneapolis is at present the guest of Rev. J. E. Henderson of this place.

The quarterly business conference of the M. E. church was held here last evening. Dr. John Kirby of Alameda presided. One of the leading matters discussed was a project to clear off the mortgage indebtedness against the church here, and steps have been taken which will probably bring about this desirable result in the near future.

Several members of the family of Mr. Jerome of the Sanitary Board are ill, mumps and measles being among their afflictions.

Rev. Henderson of this place, who has up to this time had in charge the interests of the Shattuck avenue Methodist church of Temescal, has now placed that institution upon an independent basis, and it will hereafter be served by the Rev. Mr. Pierce.

Captain R. W. Gifford today sold a lot on Felton street to James Hall of this place, and the latter is already engaged in hauling lumber for the construction of a comfortable residence upon his purchase. Captain Gifford states that real estate matters are decidedly picking up here. He has this month sold four lots, one house and lot, and two houses to be moved from the premises they now occupy.

A. L. Willey has just traded his house and lot here for some valuable outside farming property to Mr. John Mead, the well-known restaurant man of 205 Sixth street, San Francisco. This is Mr. Mead's second purchase in Golden Gate within the past two weeks, the other being the residence of Mr. A. H. March on twelfth street.

The rush of bridge work in the rolling mills at the Judson Iron Works, in connection with which a large force of men has been engaged night and day for the past few weeks, is now about over and a considerable portion of the force employed will be laid off at the end of the week.

Lorin.

The Christian Endeavor Society gave one of its enjoyable sociables in the parlors of the Presbyterian church here last night.

Peaceable citizens here have of late been considerably annoyed by the appearance during the hours of evening of a number of young men and boys, some of them from Berkeley, who come down here to get outside of the mile limit, and who drink until they become quarrelsome and obnoxious. The other evening they attacked some of our home boys and a general fight resulted in serious disturbance. These Berkeley bloods may be expected to be arrested and prosecuted to the extent of the law if they again repeat this performance.

The fire department engaged in a very practical drill Friday evening. Its new fire appatatus, just donated by the Board of Trustees was brought out and attached to the hydrants, and it was found that powerful and efficient streams of water could be thrown over the highest buildings in town, thus affording excellent protection against fire. The department now consists of between thirty and forty men, and will continue to actively drill and practice until it is in a condition to cope successfully with any fire that is likely to occur here.

RAH, RAH, REINSTEIN!

FRED KOCH AND ARTHUR NORTH GO TO STOCKTON

To Induce Governor Budd to Appoint Regent Reinstein to the Sixteen Year Term.

For Reinstein.

Fred Koch and Arthur North left for Stockton Saturday morning with a petition from the Associated Students of the University of California to Gov. Budd asking him to give Regent Reinstein one of the sixteen-year terms which expires today when Regents Columbus Bartlett and Timothy Guy Phelps go out of the Regency.

Mr. Reinstein's term of office expires in 1900, as he was appointed to succeed George J. Ainsworth, who died about six months ago. The Associated Students feel that Governor Budd should know what they think of the new Regent, so they sent this committee up to talk it over with him. There are about 600 names on the petition.

A Reception.

Piedmont Parlor No 87 Native Daughters of the Golden West gave a reception at Lorin Hall, on Friday evening last to the four Native Son Parlors of Oakland and Alameda.

The lodgeroom was crowded with handsome Native Daughters and sturdy Native Sons.

The following program was carried out during the evening.

Piano Solo, Distant Chimes," by Mrs. Nellie Nobbett; Vocal Solo, "Answer," Mrs. Katie Perry; Guitar Solo, from "Lucreta Borgia," Miss Lettie Care; recitation, "The Christening" Miss Helena Jacobson last but not least was a vocal solo by Miss Gertrude Serryline.

At the close of the program the hall was cleared and a progamm of twelve dances was gone through with.

The Beautiful Snow.

There was not a person in Berkeley, who when she or he retired to their beds last evening, had any idea, that when they awoke this morning the Berkeley hills would be covered with a mantel of snow, which has remained all day.

People who formerly lived in the East, smiled when they saw the snow this morning, and announced that they had recognized an old friend. Young folks of both sexes climbed the hills and enjoyed themselves in throwing snow balls at each other. These who did not care for that kind of exercise, hugged the fire and gazed upon the snow from their windows.

All day long the atmosphere was decidedly chilly, and heavy black clouds hung over the town until about one o'clock, when the sun came out for awhile.

Mount Diablo, which rears up its head back of Berkeley, was covered with snow, and Mount Tamalpais across in Marin county was also covered.

A New Pastor.

The First Baptist Church of Berkeley is in a good way to secure a pastor in the person of Rev. C. C. Pierce of Oneonta, N. Y. The committee having the matter in charge has been in correspondence with him for some time, and recently sent a dispatch asking him to say definitely if he would come out here. There has now been received a dispatch from Rev. Pierce saying he would be here on April 1st. It is not known, however, whether he will accept the pastorate, as that question is left open for the present.

Rev. Pierce is about 35 years of age and a graduate of the Rochester Theological Seminary. He is married and has twin girls about two years of age, whom he and his wife adopted. He is a brother of Dr. F. E. Pierce, 1720 Webster street, the city's meat market and milk inspector. He has five brothers in Los Angeles, one being President F. J. Pierce of the Normal school. James R. Pierce, a former student at the U. C., was also a brother.

The Promenade Concert.

The Promenade concert and hop given on Saturday evening last by the students of the State University, in honor of the recent improvements that have been made there, and the occasion of the library being lighted by electricity was attended by no less than 2000 people.

The evening was intensely cold so the concert was held in the gymnasium instead of on the campus. The state of the weather caused the affair to come to an end much earlier than it would have done otherwise.

The affair as a whole was a success and was thoroughly enjoyed by all who attended and especially the students.

A BAD ACCIDENT.

A LORIN CARPENTER STRUCK BY THE TRAIN.

He has Several Ribs Broken, One of His Feet Amputated and Severe Scalp Wounds.

Accident At Lorin.

Last evening at a little before six o'clock an accident which will in all probability, cause a carpenter of that place to lose his life occurred.

He started to cross in front of the train when he was struck by the engine and hurled some distance. He was unconscious when he was picked up, and he was taken at once to the Receiving Hospital where it was found that he was suffering from the effects of several broken ribs, a jammed and crushed leg, which necessitated the amputation of one of his feet. He also had several severe scalp wounds about the head.

The injured man is in a very precarious condition and it is doubtful weather he will recover. From eye-witnesses o the accident it appears to have been the man's own fault, as he did not give himself time to cross in front of the train which was approaching the station very rapidly.

The trainmen did all in their power for the injured man and had him removed at once to the Receiving Hospital.

Governor Greenhalge's Condition.

Lowell, Mass., March 2.—Governor Greenhalge passed a comfortable night under opiates, and the doctors feel more hopeful.

Favors Carlisle.

New York, March 2.—A dispatch to a local paper from Washington says; A member of the Cabinet who talked with the President a few days ago, makes the following statement:

"President Cleveland would not accept another nomination for the Presidency even if it were possible for him to have an absolute guarantee of his election.

You may assert this as positive and emphatic as you please."

"But how will his attitude be manifested?"

"By his earnest support of another candidate," was the answer.

"Who will this candidate be?"

"John G. Carlisle of Kentucky," replied the informant. "There is no doubt about that. Secretary Olney has been mentioned as the administration's candidate. There is nothing in that. Personally and politically, Mr. Carlisle is the choice of the President and has been for months.

The five-year-old son of J. McGregor and wife is very ill at his parents' residence on Benton street, Lorin, and his life is despaired of.

The Claremount University and West Berkeley street car line is to have another new car placed on the run in a few days. It is now being painted and overhauled, and will be ready for service in a few days.

Shell Mound Park was opened for the season yesterdy, and the opening was a grand success. There were 8,000 or 10,000 people present and the day was spent in pleasure, there being nothing to mar the spirit of it.

Durrant was granted another stay of proceedings this morning up to and including March 13th, so that he will probably not be taken to San Quentin until after that date. When the 13th arrives he will probably be granted another stay. It seems to be anything to keep him out of San Quentin.

At about 9 o'clock this morning the sound of heavy guns on the bay caused people to think that Spain had sent a man-of war to shell the city of San Francisco. This was not the case, however, as the guns were the parting salute from the forts in the harbor to the Italian man-of-war, Christofo Columbo, which sailed out of the harbor this morning bound for San Diego.

Active efforts are being made in Golden Gate for the establishment of a reading room. Mrs. Nuts and Mr. Joseph are circulating a petition to raise the necessary funds, and have met with much success.

The Citizens' Suffrage League of Berkeley are making active preparations to receive the Rev. Anna H. Shaw on March 19th. Her speech before that body will probably be the first of those which she will make during the suffrage campaign this fall.

Governor Budd has given the Supervisors of San Joaquin county some good advice. It is the kind that other counties, like Yuba, for instance, could accept. It is that they send three representatives daily papers to every hotel in California. The suggestion is worth thinking about. He says: "The Supervisors have an advertising fund, and I honestly believe it could not be expended in a better way than by sending our home papers to every hotel in the State free of charge. I am satisfied that the papers would gladly make a special rate on such distribution, and I believe it would help the town more than anything we could do in the way of advertising."—Marysville Appeal. Yes, and what's the matter with Alameda county doing the same.

WAR PREPARATIONS.

THE CABINET HOLD AN IMPORTANT MEETING.

Mrs. Jane Stanford Wins Her Suit Against the Government in U. S. Supreme Court.

Special dispatches to the GAZETTE.

Preparing For War.

Washington, March, 2.—The Senate today passed a bill for the increase of the navy by 1000 enlisted men, tor the calling out and enlistment of a naval militia in case of emergency and for the charter of troop transport ships in case of emergency.

A Cabinet Meeting.

New York, March 2.—A special from Washington, D. C., says:

The Spanish-American situation, growing out of the reports of the riot in Barcelona, was regarded so seriously by the President that he convened a special meeting of the Cabinet last night, though the call was issued under the guise of a dinner at Secretary Olney's The conference lasted until after 10 o'clock. During the dinner Secretary Olney produced some important information which had come to him by cable.

Just before adjournment a cable was received to the effect that the Spanish Minister of Foreign Affairs in Madrid, had been instructed by his Government to insist that the United States Government disavow the action of the Senate as a condition precedent to the continuance of friendly relations between the two nations. This demand for a disclaimer of the Senate resolution will be ignored.

Filibustering Expeditions.

Washington, March 2—The State Department has received information from Spanish sources that a filibustering expedition is fitting out at Alligator Key, Fla. It is said the schooners S. R. WAR TALK.

Spain has kind of got a notion that the recognition of Cuba by the United States does not amount to much, and that if we don't keep our hands off Spain will give us a good licking. A Madrid paper, in commenting upon the act of Congress, states that Spain is not isolated. That may be true but if Spain continues to carry on the warfare now being indulged in against Cuba, the United States may send a few gunboats and some troops to that country and we will guarantee that when they are through with their persuasive powers Spain will be very much isolated. In fact there will be so little left of it that it will take a powerful magnifying glass to dig it out of its isolation. The same paper assured its people that the people of the United States are a trading people of no warlike qualities, and that they will not fight. If that editor will brush the cobwebs from his brain and look up a little history he will find that the people of the United States are not a warlike people as a general thing, but when any other nation desires a brush with her the people can fight like the dickens. If Spain is thinking of declaring war against the United States it had better let the contract for doing the fighting to some other country as it will be healthier.

GOOD WORK.

The University students have finished the new pathway from Center street entrance of the University grounds to the North hall and they did the work well. There are still some finishing touches to be done on the pathway, but that will be done by others. The work of leveling the the grade in front of the North Hall has not yet been finished. The students, however, have announced their intention of finishing it up. Had it not been stormy today the work would have been completed this afternoon. If tomorrow is pleasant the work will be done then. A great deal of credit is due the students for the work they have done, and it will long be remembered. Had not the students devoted their time and labor to this work it could not have been done as the funds of the University are very low, and will continue to be so until after the next legislature meets and makes some appropriations. The work was greatly needed and the boys are to be congratulated upon their willingness to do the work, and the hearty manner in which they took hold of it.

A DUTY ON TEA.

The tea importers of the United States have appeared before the Ways and Means Committee of Congress asking that a duty be placed upon tea. They gave as a reason for having a duty upon tea that the consumer would be benefitted thereby. Just how this will be brought about they do not intelligently state. They claim that since the duty was taken off of tea the consumption has decreased. This is caused not because there is a duty on tea, but because the American people have quit the use of tea to a great extent, and taken up coffee drinking. This is borne out by the fact that since the duty was taken off coffee the consumption of that article has greatly increased. One can go into any restaurant in the country and look over the tables, and find that the coffee drinkers outnumber the tea drinkers 10 to 1. We would favor a duty on tea and coffee if we raised it ourselves in this country, for we believe in a protective tariff. As tea and coffee are not raised in this country we are opposed to a duty being placed upon them, as it is only a ruse to make the people pay a higher price for tea and coffee, in order that the importers may be enriched.

BAD BUSINESS.

The attack upon the American Council at Barcelonia, Spain, and the tearing up of a number of American flags in the streets will probably cause Spain more trouble than their Cuban rebellion.

Although the work was done by what is characterized as a mob, they were spurred on by public officials and public men. Their shouts of "Long live Spain and Down with the Yankees," have more meaning than the acts of an angry mob. The Spanish people do not relish the fact that Congress has recognized Cuba as a belligerent power and they resent our interference on their barborous mode of warfare.

Spain forgets that the war of the rebellion in this county had only been going on four months, when Spain recognized the Confederates as belligerents.

This rebellion in Cuba has been going on for ten years and it has been so horrible that for the United States not to recognize Cubans as belligerents at this time would be a crime, and as a civilized nation the United States has been compelled to do what it should have done a long time since.

The Spanish government by the action of a mob yesterday has strained its relations with the United States, and it will have to make an abject apology. The affair cannot be passed off, for Spain is responsible for it and will be held to a strict account. Spain would not last much longer than a snow fall in Hades if she were to go to war with the United States, yet such may be the result of yesterday's demonstration.

Our government should not delay in the matter, one instant, but should order several was vessels to Hawana at once to show Spain that the United States means business. The matter will undoubtfully be brought up in Congress in the next day or two, or just as soon as the United States Consul sends a correct version of the affair to the State Department.

It is now an assured fact that the Rev. C. O. Brown, pastor of the First Congregational church of San Francisco will be requested to resign, and already his congregation is casting about for a pastor. Among those prominently mentioned as a successor to Dr. Brown is the Rev. George Hatch of Berkeley. Mr. Hatch is an educated man and a fine talker, and the First Congregational church of San Francisco could not get a better man to fill Dr. Brown's place than Mr. Hatch. We should regret very much to loose him from Berkeley, but the field in San Francisco presents far greater advantages than does Berkeley, and ministers like all other professions, desire to advance in their work when it is possible, and on this account it may be that Mr. Hatch will accept the call if it is offered to him.

Assessor's Poll Tax and Road Poll Tax Notice.

Poll Tax and Road Poll Tax must be paid on demand.

Oakland, Mar. 2nd, 1896.

Notice is hereby given that the State Poll Tax and Road Poll Tax for two dollars each for the year 1896 is now due and payable at my office, Room one, Court House, or to a Deputy Assessor.

Sec. 3839 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons, and Indians, must annually pay a Poll Tax of two dollars, provided the same be paid between the

First Monday in March and the First Monday in July,

then it shall be three dollars.

Sec. 3846 of the Political Code makes it the duty of the Assessor to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person.

Under Sections 429 to 435 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor and liable to a fine of $500 or imprisonment in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll tax must be paid on demand.

The same laws apply to the collection of Road Poll Tax as to the collection of State Poll Tax.

A SOCIAL EVENT.

THE GRAND RECEPTION TO THE UNITARIAN CLUB.

Tendered By Mr. and Mrs. N. T. Whiting at Their Elegant Residence.

A Social Event.

On Thursday evening last the palatial residence of Mr. and Mrs. N. T. Whiting was handsomely illuminated and decorated for the reception of the members of the Unitarian Club.

The grounds surrounding the house which is located at the corner of Dwight way and Fulton streets were handsomely illuminated with Chinese lanterns and electric lights.

It had been given out that those invited should as far as possible dress in the old New England costumes, and the guest did so and the many added costumes were pleasing to the eye.

As the guests arrived they were received by Miss Whitney assisted by her daughter Niss Blanche and were made to feel at home immediately.

When all had arrived it was found that there were over one hundred guests present and every one enjoyed themselves to their fullest bent.

The evening was spent in dancing, singing, instrumental music and conversation.

During the evening remarks were made by Rev. E. P. Payne and Professor Putzker which put the guests in the best of humor, especially when Professor Putzker announced that he was a genuine down east Vermont Yankee.

At about 11 o'clock refreshments were served in the spacious dining room, and such a feast of good things as were there spread before the guests has seldom if ever been equalled in Berkeley. It showed the genuine New England hospitality—that in the refreshment line there must be more than plenty.

After refreshments the gay coterie of congenial spirits reassembled in the parlors, where dancing and conversation were once more resumed.

During the evening genuine New England cider, which was brought back by Mr. Whiting and wife, who recently visited the New England States, was served to the guests.

It was a late hour when the last guest bid the host and hostess good-night, having spent one of the most delightful evenings ever afforded in Berkeley.

Among the guests present the following were noticed:

Rev. E. P. Payne and Miss Payne, Mr. and Mrs. N. S. Trowbridge, Miss Jessie Trowbridge, Mr. and Mrs. Wycoff, Professor and Mrs. Putzker, Mr. and Mrs. Hunter, Mr. and Mrs. Gilbert, Mrs. Traut, Mrs. Marsh, Mrs. Doyle, Mr. Andrews, Miss Aspell, Mr. and Mrs. Eames, Mrs. Brehm, Misses. The Skeleton of De Soto.

The local historians of Baton Rouge, La., believe that the mortal remains of Fernando De Soto lie buried between two gigantic live oaks near the present site of Port Hudson. The books tell different tales about the death and burial of the great discoverer. Some say that he was wrapped in his mantle and thrown into the Mississippi; others that the remains were incased in a hollow log. In 1858 three hunters—Rigsby, Davis and Hurin—were encamped near what is now Port Hudson. While kindling a fire they found a human skeleton in a hollow log that had been lying in a drift. The bones were those of a man six feet tall. In the log a helmet, a rusty sword and a large bronze crucifix were also found, and on one of the fingers of the skeleton's hand a large seal ring. The discoverers of this ghastly memento believe that the remains were those of De Soto, the discoverer of the Mississippi river. The burial place of the bones is well known to the Rigsbys, who still reside in Louisiana.—St. Louis Republic.

Cold and Clothes.

People who are susceptible to the cold should make a point of wearing loose clothing in cold weather. Loose garments are always warmer than tight fitting ones, not only because they allow room for circulation, but also because they permit a layer of air between the skin and the outside cold.—New York Sun.
